-North Omak Preschool Open Enrollment for the 2026-2026 School Year. Openings available. This is a free screening, conducted at North Omak Elementary School, for children ages 3 to 5, living in the Omak area. One of the goals of the roundup is to help parents locate an appropriate preschool for their child, as well as to identify any special needs their child may have. The screening will take about 30 minutes to complete. We prefer appointments, but they are not necessary. Please bring a copy of your child's Birth Certificate and Immunization Records. If your family is living in a temporary situation, you may contact the district where you are currently staying for a screening. call Katelyn 509-826-8149
